# Priory Primary Newsletter

13 July 2020

Dear Parents and Carers,

This week will be the last day of the summer term for all pupils.

- Monday is the last day for Year 5
- Tuesday is the last days Year 2
- Thursday is the last day for Year 3
- Friday is the last day for Year 4

If you would like your child to attend for the last day, but haven't yet returned to school, please check with your class teacher that there is room in the class bubble.

On Thursday afternoon we will be saying farewell to our Year 6 pupils and they have been amazingly inventive to come up with a Leaver's Show that is safely distanced and outdoors!

Nursery, Reception and Year 1 will all have their usual days in school too, and we look forward to lots of fun as we celebrate the end of a most unusual school year.

Thankfully, we can now plan for a full return to school in September. Can I please remind all parents that from Monday 7th September 2020, full-time attendance at school returns to being a legal requirement. Before the end of the school year, I will write to you all to explain how we will continue to keep pupils and staff safe in school. In the meantime, very best wishes for the last week of learning.

**Mrs Fraser**  
**Headteacher**

# Who's Your Teacher?

Here are the class teachers  
for the next school year:

Nursery – Mrs Morgan  
Reception – Mrs Webber  
Year 1 – Mr Ashley  
Year 2 - Miss Beauchamp  
Year 3 – Mr Walsh  
Year 4 – Mr Mistry  
Year 5 – Mrs Egdell  
Year 6 – Mrs Wakeling

# Starting Reception Class in September?

If you were not  
able to join us for  
one of our online  
meetings, please  
see the  
presentation  
posted on SeeSaw  
by Mrs Webber.

## Reception Class

In this week's Forest School, we had a fantastic time den building and playing hide and seek. It was lots of fun! Can you see us all in the picture? Some of us are hiding in the back!

## Year 2

Great phonics work from Zied and Amelija this week, who showed they could successfully read a new grapheme in a word, and then used these graphemes in their writing.

Brilliant work from Videsh when reading with good intonation. Zakaria demonstrated excellent independence in class by reading his comprehension text by himself and successfully answering all of the questions. Well done to Paige for telling the time to the nearest 5 minutes.

Wow! What an excellent effort from all the children this week in Year 2!

---

## Year 3

We would like to celebrate some Year 3 pupils who have continued to put in great effort with their home learning:

Michael, for all the work he has been doing on Times Tables Rockstars, and to Hamza who continues to work diligently through his home learning packs, and this week did some great work on angles.

In school, a number of pupils wrote letters to Mr Ashley, telling him how they felt about their first day back at school. Mr Ashley would like to celebrate Marwa for expressing herself so well – here is some of what she said: “Today I feel shy and excited because I was home for a very (long time). I missed smiles from my teachers, my friends and school trips. I helped my mum cooking Moroccan food sometimes and my dad brought me a trampoline...”

# Year 4

Well done to Yusuf, Ismail, Injila, Printhu, Taseen, Marta, Sofia, Eli and Ava who helped Year 4 to beat Year 5 in our TTRockstars Challenge. They worked extremely hard to answer as many times tables questions as possible!

2,905				6,381	
Sam N	1,703	2,010		Yusuf Uddin Yusuf Uddin	
Jas K	488	1,255		Ismail Ahmed Ismail Ahmed	
Aya A	253	1,253		Injila Yasin Injila Yasin	
Ism A	231	975		Printhu Vigitharan Printhu Vigitharan	
Onu S	121	596		Tasee, Taseen Rahman Taseen Rahman	
Saa W	73	187		Marta Vega-Devesa Marta Vega-Devesa	
Cla P	36	61		Sofia Eva Sofia Eva	
		22		Elizabeth Krlinere Elizabeth Krlinere	
				Ava Rufina Ava Rufina	

Also, we would like to celebrate Marta for answering these questions about solids, liquids and gas, and then questioning Mr Mistry so she could really understand one of the questions accurately and correctly!

**2.3 Solids, Liquids and Gases**

Q1 Draw lines to show which of these materials are liquid and which are solid. The first one has been done for you.

Q2 Use the words from the box below to complete the five sentences.

volume	solids	shape	liquid	gases
1) A <u>liquid</u> changes shape when you move it around in a container.				
2) <u>Solids</u> don't change shape when you move them.				
3) Gases have the same <u>shape</u> and volume as the container they're in.				
4) Moving a liquid from a bottle to a glass does not change its <u>volume</u> .				
5) Air is made from a mixture of different <u>gases</u> .
